

## *Cherubino*

The sum of our experiences and our best performing parcels of vineyard come to be expressed in our Cherubino range.

It's the best of what we do, from Margaret River to Pemberton, to the regions of the Great Southern: our top one per cent, and with each year, we improve the quality of our best.

Hand made, with attention to detail taken at every step of the winemaking journey.

They are our signature, the sign of our best work.

## 2020 Great Southern Riesling

### THE VINTAGE:

A very dry winter and spring (driest in 100 years). These dry conditions continued throughout summer. Good rainfalls in February provided much needed moisture. Very low crops but exceptional whites and reds.

### THE WINEMAKING:

The fruit was hand-harvested and grapes were gently de-stemmed. The free-run juice was fermented using natural yeasts, followed by a long, cool fermentation between 10-12°C.

### THE WINE:

Chalky mineral aromatics with lemon and lime. Tight knit acidity with chalky mineral flavours coming through on the palate. Acidity is long and fine with a steely structure and lengthy finish.
