

Pedestal

Pedestal is so named due to the elevation of the Margaret River vineyard we initially sourced fruit from to create these wines.

It is with our Pedestal range, now encompassing a number of vineyards from north to south, that we seek to uncover and express sub-regionality in this part of the world. In general terms, Northern Margaret River is better suited to red wines with its slightly warmer Indian Ocean influence whereas southern Margaret River is better suited to whites and the cooling influence of the Southern Ocean breeze.

Here we show images of Margaret River that are aromatic and vibrant, not heavily oaked. The concept of Pedestal is about raising the fruit expression above any winemaking construct.

2022 Shiraz

THE VINTAGE:

A mild and wet spring set vineyards up perfectly for the summer months, early heat and dry condition driven by strong easterly winds in the lead up to Christmas resulted in reduced yields but with fruit in exceptional condition at harvest. The standout varieties for the season were Chardonnay and Cabernet Sauvignon. Wines have great intensity, acidity and ripeness.

THE WINEMAKING:

Fruit was handpicked and sorted. Fermentation was carried out in small lot fermenters. Moderate extraction was aimed for to ensure that the vineyard characters were fully expressed. Fruit was macerated for four weeks, the wine was then matured in new and one year old oak for six months.

THE WINE:

A perfumed bouquet of Morello cherry, black pepper and charred cinnamon spice. A long elegant Shiraz which has silky light tannins that are juicy and complex with ripe fruit flavours and great length.
