

## Laissez Faire

Laissez-Faire means “let it be” and this reflects our hands off approach.

Whilst we’ve learnt from organics, biodynamics and natural wine practices, we’re not dictated by one school of thought. We don’t subscribe to dogma. You could call them natural wines, but we like to think of them as “post natural wines”.

We believe in healthy and sustainable vineyard practices, and a winemaking transparency with as little as possible between the vine and finished wine.

Whereas a lot of wines presented as “natural” can be sourced from chemically cultivated vines without accountability, we grow all our own grapes. Our Grenache and Syrah vines are dry grown. And whilst copper is allowed in organic viticulture, we use minimal copper treatments.

In our Laissez-Faire winemaking, there’s no added tannin, or acid, or animal fining products. There is zero sulfur use throughout the winemaking, and only a minimal amount at bottling. We’re using alternate varieties and blends to make naturally balanced wines. From vine to bottle, the wine takes its course, hands free.

## 2023 Fiano

### THE VINTAGE:

In the Frankland River region, good winter rains and low to moderate crops resulted in slower ripening times, producing wines with spicy flavours in Shiraz and deep complex characters in Bordeaux varietals. The whites, particularly Riesling and Fiano, were of exceptional quality with a rating of 8/10. The reds, with a rating of 9/10, were highlight of the vintage with excellent structure, depth and aging potential.

### THE WINEMAKING:

Fruit was hand-picked and whole bunch pressed. Juice was settled without the addition of enzymes, sulphur or acid. Once settled, it fermented naturally at low temperature for six weeks in old oak and concrete eggs.

### THE WINE:

Aromas of quince and white figs with hints of yellow peach and mineral notes finishing with subtle oak spices. The palate follows suit with flavours of peach and hints of preserved lemon, the acidity is long and fine and wrapped in a soft texture.
